MEPF+T ENGINEERING SOLUTIONS

CONVENTION CENTERS, ARENAS & EVENT VENUES

YOUR SUCCESS COMES FIRST

Eccles Theater / Salt Lake City, UT

BUILT ON MORE THAN FIVE DECADES OF COLLABORATION

Resolut is a full-service engineering firm built on over five decades of collaboration, expertise, and shared values. Formed through the merger of two long-standing partners — VBFA and BNA. Resolut represents the natural evolution of a relationship that began over 50 years ago. This new identity marks a strategic step forward, bringing together our strengths, expanding our capabilities, and staying focused on what has always mattered most: **your success comes first.**

50+

YEARS OF SHARED EXPERIENCE

OUR SERVICES

FULLY COORDINATED, IN-HOUSE

Our turnkey MEPF+T services help reduce design errors, improve communication, and lower risk for owners. That integration supports more efficient timelines, clearer processes, and stronger project outcomes.

Mid-Valley Performing Arts Center Taylorsville, UT

OUR APPROACH

DESIGNED FOR LONG-TERM OPERATION

EXPERIENCE THAT INFORMS DESIGN

Our multidisciplinary teams of engineers and technical staff are led by experienced principals, with extensive experience in convention centers and multipurpose arenas.

A CLEAR UNDERSTANDING FROM THE START

We meet early with owners and facilities staff to establish project goals, evaluate infrastructure, and develop solutions suited to each facility’s operating requirements.

PRACTICAL SYSTEMS FOR FACILITIES TEAMS

Lessons learned inform system selection and equipment placement.

Accessible equipment and practical layouts simplify maintenance, while life-cycle cost considerations help owners make informed decisions.
