

RESOLUT

MEP ENGINEERING

WHO WE ARE

Resolut is a full-service engineering firm built on over five decades of collaboration, expertise, and shared values. Formed through the merger of two long-standing partners — VBFA and BNA. Resolut represents the natural evolution of a relationship that began over 50 years ago. This new identity marks a strategic step forward, bringing together our strengths, expanding our capabilities, and staying focused on what has always mattered most:

YOUR SUCCESS COMES FIRST.

→ WHO WE ARE

MISSION

Resolut redefines the client experience in the AEC industry by putting our clients at the center of everything we do. We listen, adapt, and go the extra mile–ensuring every decision anticipates needs, solves problems, and makes our clients' lives easier.

VISION

A world where every project runs seamlessly, challenges are solved before they arise, and clients trust Resolut as the gold standard in excellence and service.

OUR VALUES

YOUR SUCCESS COMES FIRST

We understand your goals and priorities, then design purposeful solutions that support your project's success today and over time

BETTER SOLUTIONS, TOGETHER

We collaborate with your team, adapt as needs change, and apply what we learn to deliver practical, coordinated solutions.

A PARTNER YOU CAN COUNT ON

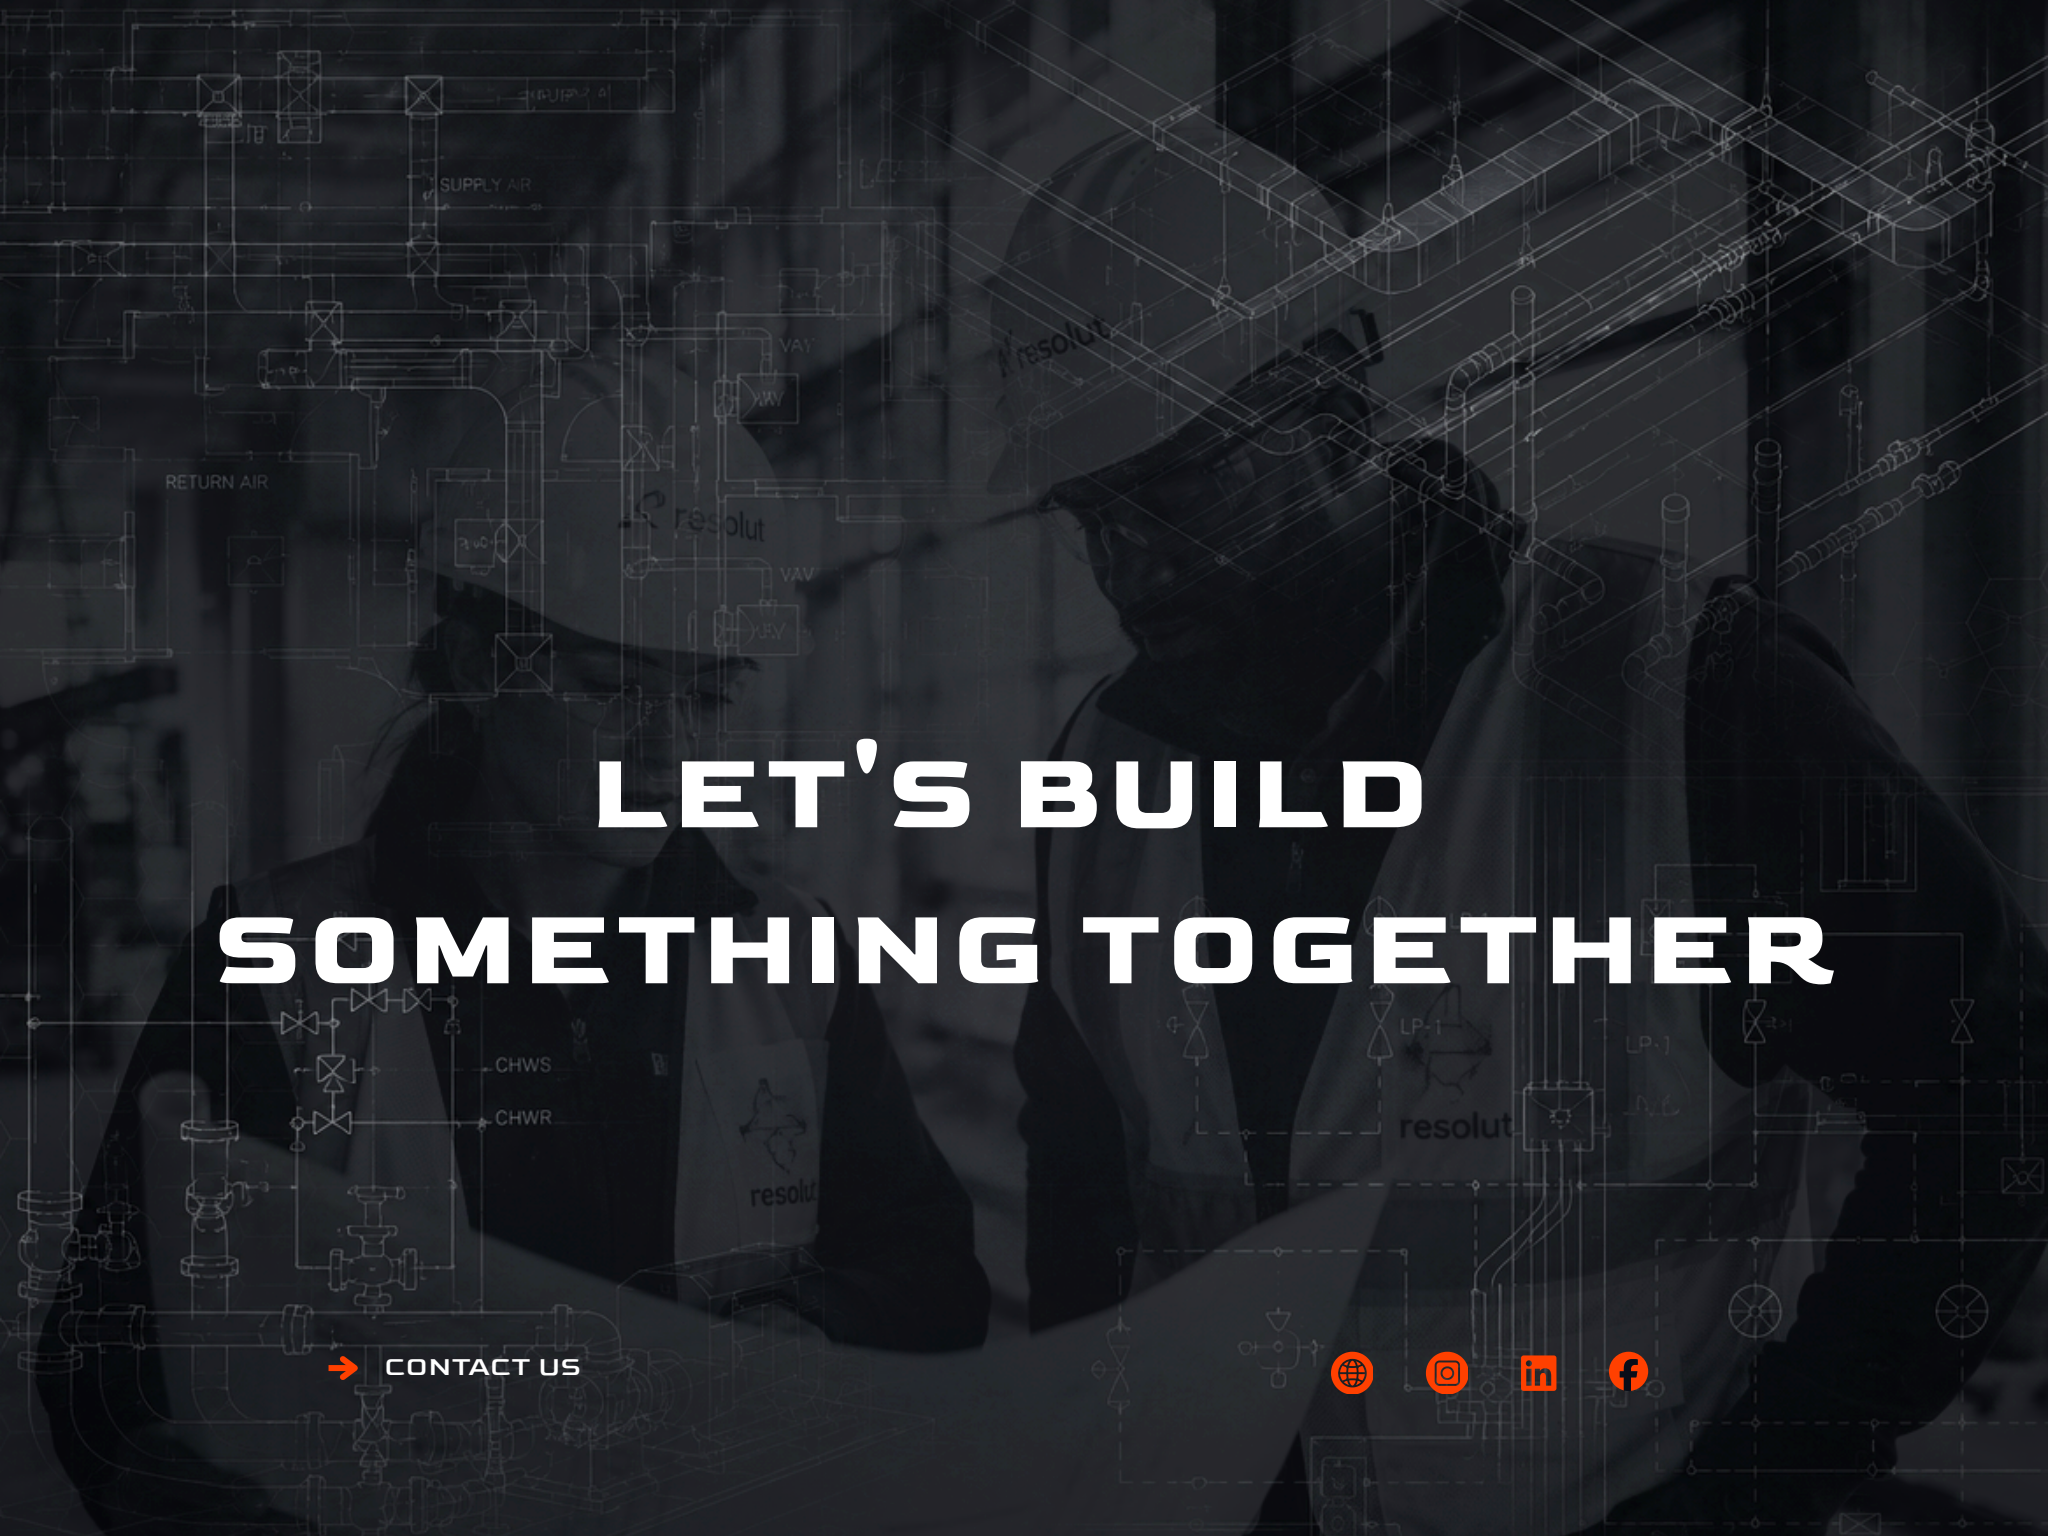

From concept through construction, we hold ourselves to the highest standards of technical accuracy, coordination, and responsiveness. Every detail matters because every detail contributes to a successful project. We believe exceptional engineering is achieved through discipline, accountability, and an unwavering commitment to doing things right.
